NEXT BRANCH MEETING

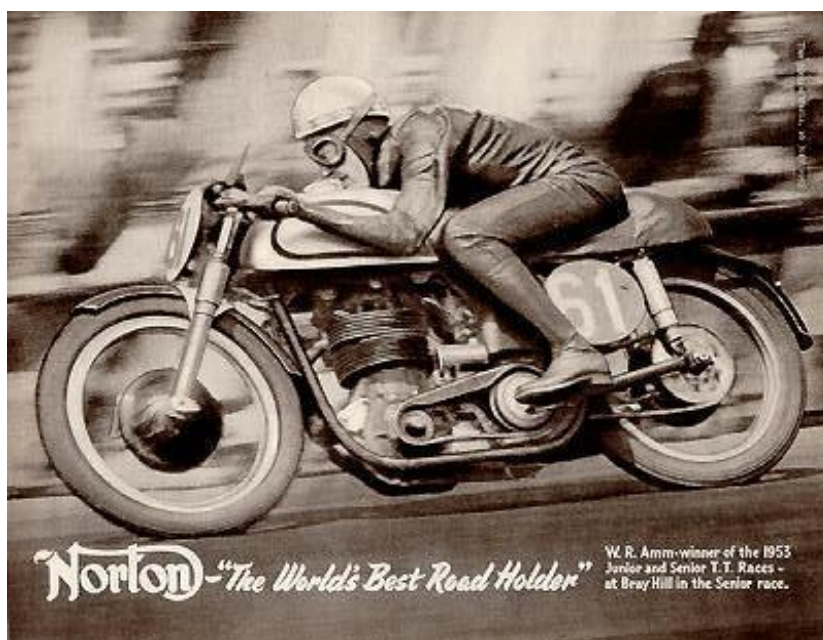

19th April 2005

www.noc-tv.co.uk

Apologies for Absence

Well chaps you will perhaps notice this edition of your newsletter is a little devoid of substance and will be a very short affair. My recent enforced move from 186 mph (Channel Tunnel Rail Link) to 50 mph (London Underground) has not left me any time for investigative journalism (wishful thinking!) or chasing you for contributions. I also have received no voluntary anecdotes or other tales of derring-do. I couldn't even find a report of the Club AGM to bore – sorry, inform - you with. So just to fill the space here is a picture from the Ontario Norton Owners Club as a reminder of Norton in better days – Ray Amm in the 1953 Senior T.T Race.
