NEXT BRANCH MEETING 17th January 2006

<http://www.thamesvalley.nortonownersclub.org/>

Branch Evening out to dinner

The Branch has booked at the Cricketers, Hayley Green for members *and spouses* to partake of a meal there on Tuesday 17th January 2006. Chris Norton needs numbers in advance so hopefully all those interested have told him by now. At the moment Chris doesn't know the menu or costs but the branch is putting up £200 toward t he cost so the fewer the better (Should I be saying that? greedy s*d!) (*He said it! -Ed*).

* * *

Inters

Stu Rogers' Inters at Brooklands on the "banking".

One is a replica of the bike ridden by Jimmie Guthrie at Monthéry in October 1935, when he broke the classic hour record at a speed of 114.09 mph. It was fitted with a seven gallon fuel tank and ran on alcohol.

Photos – Barry Stickland

Bristol Branch joint venture?

The Bristol Branch are organising a visit to Sammy Millers museum on the 4th June this year. This does not seem to clash with anything else on the Thames Valley calendar. The Bristol Branch has asked if our members would be interested in joining them. They are planning to have a camping weekend on 3rd & 4th June near the museum and have got a load of campsites and a couple of pubs one of which has a campsite and do BBQ's.

It is not too far away but far enough to make a night of it but if people do not want to stay overnight Bristol are keen just to have a get together on the Sunday.

Any members who are interested should advise Tony Ripley so that he can gauge interest and advise Bristol. He is not looking for solid commitments, just to get a rough idea of the level of interest. Please let Tony know if there is any interest from branch members so he can arrange to send the addresses of campsites and pubs. Campsite costs are not known at this time but when Bristol get a feel for numbers they will get a best price. Sammy Miller's is £4 each to get in for 10 or more.
